Stem mastering

To tick before sending. Each point matches a detailed instruction, with its reasons, in the online guide: rectapestudio.com/en/prepare-your-files/#stem-mastering

Stem mastering

5 POINTS

- [ ] 4 to 8 stems as WAV, 24-bit (32-bit float), original sample rate
- [ ] Same start and same length for all stems
- [ ] Master bus with no processing
- [ ] Sum of the stems checked: it reproduces the mix
- [ ] Peaks of the sum of the stems between -6 and -4 dBFS

Sending

5 POINTS

- [ ] `Artist_Title_BPM` folder compressed into a ZIP
- [ ] Your demo version: the track finished by you, with your own mastering (even a rough one)
- [ ] A listening reference if you like
- [ ] For an EP or an album: running order, transitions, exact titles
- [ ] WeTransfer to contact@rectapestudio.com
